Mike Wiseman, 24 Trauma

Al Wiseman, 24 Trauma

Dear Mike and Al,

I wanted to write a thank you to you and your fine company for the professional training our Police Department received from Kerry Gilmore. The entire Department commented on the timely training, and the cruiser bags were a topic of praise and gratitude. Officers commented that the training was the "best they had received in years".

Kerry was an outstanding teacher, and the information shared was informative and instructive. We really appreciate having 24 Trauma be a part of our training day in Sharon and recommend this training to all those involved in Law Enforcement.

Sincerely,

Lt Don Brewer,
